

## Arrival and temporary entrances. For employees

There will be low fences, people to talk to and faith and trust that we and the public all want the best possible start of the festival when we open the camping areas, Saturday, June 30th. At 6pm.

For this reason it is extra important that you, as an employee, positively support making our entrance systems work.

This means that you may only enter the camping areas before opening if you have a valid reason for being there in relation to your voluntary assignment. For the regular guests, waiting in the holding areas, you would appear as "one of them" who got in before time. As a volunteer you represent the Festival and we expect that you carry the torch of the good example.

### The entrances on Roskilde Festival 2012 in general

- Five temporary entrances, from where access to camping at 6pm (18.00) Saturday, is made available. These holding areas open Saturday at 8am (08.00). Once the holding areas are emptied, they will be removed and the regular entrances will open.
- Guests and employees wishing to enter the western areas can use the train from Roskilde from 9am to 4pm (09.00 to 16.00) Saturday. The train will resume its regular schedule once the holding areas are emptied.

### Entrance to Roskilde Festival 2012 for employees

- As an employee you can choose between two options to access the camping areas

#### Version 1 – Following other guests

- Your wristband is valid as entrance-booking for all holding-areas.
- Take position in the queue with the other guests and set a good example when queueing.
- When the temporary entrances open to the camping-areas, show your wristband and enter.

#### Version 2 – Entering camping through the regular entrances

- Access through the regular entrances is valid all day, but if you have no valid reason for being there, entrance is not allowed.
- The entrances open for employees to the camping areas at 6.15pm (18.15).
- Between 3pm and 6.15pm (15.00 and 18.15) it is not allowed to bring any camping equipment through the entrances.
- If you are working on Saturday, you can – as an employee – deposit your equipment in any of the wardrobes on the camping area before you meet for work.
- The wardrobes will not hand back any camping equipment on Saturday, between 3pm and 6.30pm (15.00 and 18.30)

*All presence on the camping areas before opening must be limited to an absolute minimum. Be warned that accessing the camping area without a valid reason, either through the gates or over the fences, will most likely result in your wristband be revoked and you being expelled from the festival.*

***Losing your wristband in such a manner does not release you from your contract with Standbyholdet!***

### Entrance to the Roskilde Festival 2012 for guests

- As a guest, wishing to enter through one of the temporary entrances Saturday, you must add entrance booking to your ticket purchase.
- To gain access to the temporary holding area, you must present your ticket with entrance booking at the entrance to the area.
- Temporary wristbands will be given when the holding areas open at 6pm (18.00) on Saturday June 30th.
- This temporary wristband must be swapped for regular one no later than Tuesday, July 3rd at noon.
- You can swap your temporary wristband for a regular one at the ticket-stands at entrances East, West and Platform.
- Guests who enter the camping without a valid wristband will be expelled from the festival and charged a fee of DKK 3.500. This goes for the entire duration of the festival and not related to the amount of guests being present on site when we open.
- No shops or commerce stands will open before Saturday, June 30th at 6pm (18.00).
